

Hi - I am looking for someone who can scrape the a website in couple of hours. Details of the project is as follows:

1. Go to the website: <https://www.caring.com/>
2. Select Home Care and input name of state - I am interested in Washington (WA) as the first state to start with. I might add more states later on, so the code needs to be scalable

Looking for senior care can be stressful and confusing, and you may be unsure where to start. Whether you're looking for a senior living community or help with in-home care, we're here to help you understand your options, learn about financing and guide you through the process.

Home Care	washington	Search
-----------	------------	--------

3. Below is an example of links that need to be scraped for Washington:

- A. First, scrape the information from the relevant link in an excel file:  
<https://www.caring.com/senior-care/washington> - this needs to show number of home care facilities by city and by county

## Senior Care in Washington

Find Senior Care Options Near You

Enter City, State or Zip	Search
--------------------------	--------

### Cities

City	Communities	City	Communities
Airway Heights	0	Lynnwood	78
Albion	0	Malden	22
Allyn	2	Manchester	0
Amboy	0	Maple Falls	0

### Counties

County	Communities	County	Communities
Adams County	27	Klickitat County	4
Asotin County	10	Lewis County	4
Benton County	14	Lincoln County	15
Chelan County	39	Mason County	3

- B. Then, go to each of the counties and collect information from the relevant link in a excel file:  
<https://www.caring.com/senior-care/washington/clark-county>

The needs to capture name of company, service it provides (e.g. Home Care), number of reviews, number of stars, and review text. Please tag each row of data with county name and name of state (e.g. Clark, Washington)

	<p><b>Total Care</b></p> <p>Provides: Home Care</p> <p>★★★★★ 11 reviews</p> <p>"We had a caregiver from Total Care the longest. She was really nice and went out of her way to do everything that was needed, like housework, running errands, and driving. She did everything that..."</p> <p>More</p>	<p>Get Pricing</p> <p>See Details</p>
	<p><b>ABRA</b></p> <p>Provides: Home Care</p> <p>★★★★★ 5 reviews</p> <p>"My parents use ABRA and we have a 24-hour caregiver. My father has been declining, so at this point he is bedridden. They have been caring for him. The caregivers are great. I have been really..."</p> <p>More</p>	<p>Get Pricing</p> <p>See Details</p>

- C. Further, see if you can collect company description from the relevant link:  
<https://www.caring.com/senior-care/washington/vancouver/total-care-98661#description>
